FEDERAL COMMUNICATIONS COMMISSION
OFFICE OF SECRETARY

DOCKET FILE COPY ORIGINAL

To: Chief, Allocation Branch
Mass Media Bureau

ERRATUM

Kevin Lein ("Lein"), by his attorneys, hereby submits the following Erratum to correct a typographical error in the Statement for the Record submitted on January 12, 1995, in this proceeding.

1. By Notice of Proposed Rule Making and Order to Show Cause, DA 94-772, released July 20, 1994, the Commission sought comments on the proposal of Iowa Great Lakes Broadcasting Company, Inc., to upgrade Channel 285A at Spencer, Iowa, to Class C2 status and to modify the license of KIGL(FM) accordingly; to change the allocation utilized by KXAX(FM), St. James, Minnesota, from Channel 285A to Channel 268A; and to delete Channel 284A at Sac City, Iowa. Lein has a pending application for a construction permit to authorize him to construct a new FM station on Channel 284A at Sac City. (FCC File No. BPH-940801MA).

2. Iowa Great Lakes subsequently counterproposed the allocation of Channel 240A at Sac City as an alternative to deletion of that community's only FM allotment. On January 12, 1995, Lein tendered to the Commission a Statement for the Record which indicated that he has no objection the allocation of Channel 240A at Sac City, Iowa, as a replacement for currently allocated Channel 284A. That Statement for the Record contains an error at the end of paragraph 3 on page 2. Please substitute the attached revised page 2, which corrects that typographical error.

Respectfully submitted,

KEVIN LEIN

Petition for Rule Making to the Commission which sought to modify the FM Table of Allotments, 47 C.F.R. 73.202(b), to upgrade Channel 285A at Spencer, Iowa, to Channel 285C2, and to modify the license of IGL's FM Station KIGL, Spencer, accordingly; to change the allocation utilized by Station KXAX (FM) at St. James, Minnesota, from Channel 285A to Channel 268A, and to delete the unoccupied and then unapplied for allocation of Channel 284A at Sac City, Iowa. By Notice of Proposed Rule Making and Order to Show Cause, DA 94-772, released July 20, 1994 (the "NPRM"), the Commission sought comments on the IGL proposal.

3. Lein has no objection to adoption of the IGL counterproposal to assign Channel 240A in lieu of Channel 284A at Sac City, and to reimburse Lein for reasonable expenses incurred to amend his application to specify operation on Channel 240A. Indeed, in a responsive pleading filed concurrently herewith with regard to the Lein Application, Lein has indicated that he will accept a grant of a construction permit conditioned on the outcome of this proceeding. Should the Commission substitute Channel 240A at Sac City, Lein will promptly amend its application to specify the new channel, and to make conforming changes.¹ Should the Lein Application be granted prior to issuance of a decision in this proceeding, and the Commission subsequently substitute Channel 240A for Channel 284A at Sac City, Lein will promptly submit an application to modify the facilities of its proposed station to specify operation on Channel 240A.

4. Based on this Statement for the Record, Lein submits that there is no conflict between its application and the counterproposal of IGL. Both can co-exist without causing interference or

¹ Substitution of Channel 240A to Sac City will require Lein to modify his proposed transmitter site, as his current site is not fully spaced on that channel. Lein has no objection to changing its proposed site, and is currently seeking an alternative transmitter site that will permit it to operate on Channel 240A.

CERTIFICATE OF SERVICE

I, Rhea Lytle, do hereby certify that I have this 20th day of January, 1994, mailed by first-class United States mail, postage prepaid, copies of the foregoing "ERRATUM" to the following:
